

Marlow

MAVERICK

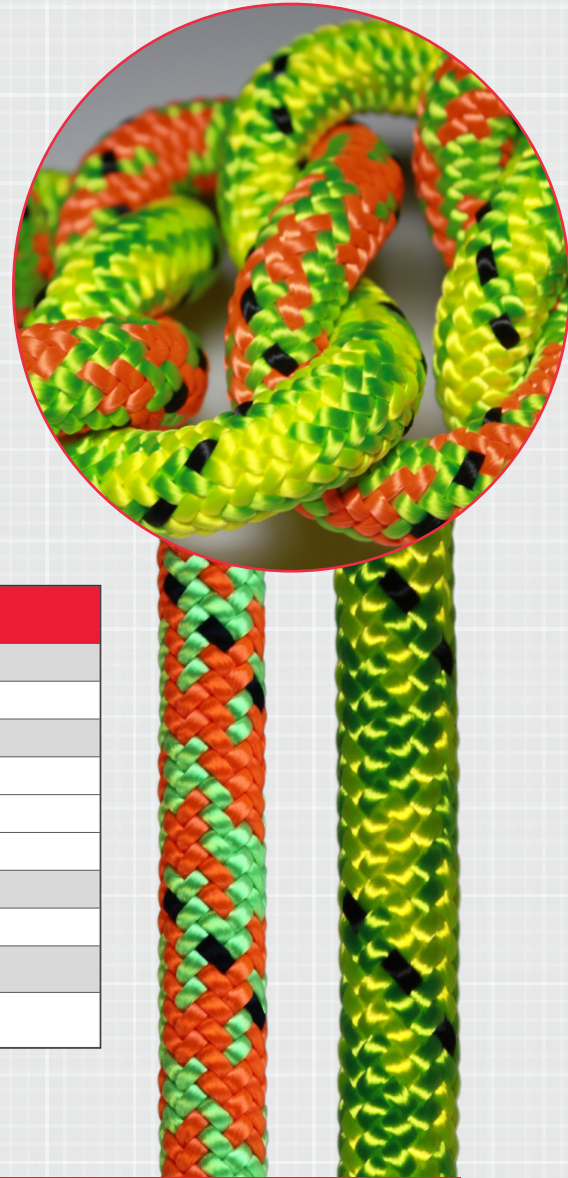

Maverick is the new generation of smaller diameter climbing lines from Marlow Ropes that offers outstanding dynamic performance thanks to its nylon core and friction-resistant polyester cover.

The revolutionary 11.5mm diameter offers lighter weight and flexibility, performing extremely well with modern hardware climbing devices, offering a smoother climb overall. CE and EN1891 Type A certified, available with a low-profile spliced eye finished with a whip.

REVOLUTIONISING MODERN CLIMBING

ROPE PROPERTIES	MEASUREMENT
DIAMETER	11.5 mm
WEIGHT	93 g/m
CORE WEIGHT	44.7 g/m
COVER WEIGHT	48.3 g/m
ELONGATION	*2.5%
STATIC STRENGTH	35.0 kN
STRENGTH FIG 8	18.8 kN
STRENGTH SPLICED	22.9 kN
IMPACT FORCE	5.2 kN
DROPS	7+ (req. 5+)

*Elongation from 50kg to 150kg load, as tested according to EN 1891

Key Specifications:

- Material:** Nylon core and Polyester cover
- Lengths:** 25m, 35m, 45m, 60m
- Colour:** Hi-Vis Lime/Orange and Lime/Green
- Features:** Light weight and performs well with all modern climbing hardware devices.
- Terminations:** Low profile splice finished with a whip
