TYPHOON

Marlow Typhoon is stirring up a storm and continues the trend of development and innovation for the modern Arborist. Typhoon has been developed with low stretch and toughness in mind made with high-tenacity Polyester, Typhoon has a 16-plait polyester cover and multiple Polyester twisted core, making it a perfect partner for most modern hardware.

Being 12.2 mm in diameter Typhoon is perfectly suited for Arborists wishing to move from the more traditional larger heavier diameter climbing lines, but still wishing to retain the benefits of very low stretch and a diameter that is easy to handle together low profile spliced eye this makes Typhoon a worthy addition to the range.

Certified to EN 1891 Type A , with low Profile Eye and Whipp
